Report 2422/DF

PUBLIC TRANSPORT REPORT FOR TRANSPORT & HIGHWAYS 15th October 2014

Information Report

Bus Services

First in Essex Services 21, 21b, 26, 27 and 28 – all of which serve Leigh – as from 5th October – some journeys operating up to five minutes earlier or up to five minutes later.

Southend Borough Council – Due to a recent change in policy, a representative of Southend Area Bus User Group was invited to attend SBC's Bus Services Working Party in September.

Railway Services

A new franchise for the North Thameside Line has been won by National Express.

This company is proposing to introduce a completely new timetable as from December 2015, with all peak period trains on the main line calling at Upminster, Barking, West Ham and Limehouse with a train service every three minutes in each direction. In order to produce that frequency, there would be several trains of no use to passengers east of Laindon (operating only between Laindon and Fenchurch Street, or Ockendon branch trains.) The Southend Railway Travellers Association is lobbying David Amess and other South Essex MP's to fight against this proposal, which would be very adverse for passengers from stations between Shoeburyness and Basildon inclusive.

DONALD FRASER
